- Agile Methodology

Interested In

- Problem Solving
- Keen to learn new technologies.

EXPERIENCE:

FRONT END DEVELOPER, Vorro India

Gurugram, Haryana — 2023-Present

Project Description:

- **BridgeGate:** Designed a versatile data transformation tool using HTML, CSS, JavaScript, React, and Material UI, resulting in a 40% reduction in data processing time. Streamlined seamless data extraction from diverse sources, while dynamic transformations directed to a 25% increase in data accuracy. Successfully routed transformed data to different destinations, enhancing overall operational efficiency by 30%.

CONSULTANT, DELOITTE

Gurugram, Haryana — 2022-2023

Project Description:

- **WasteManagement:** Spearheaded the development of a Waste Management application that tracked daily driver hours, resulting in a 20% reduction in scheduling errors. Expertly employed HTML, CSS, JavaScript, TypeScript, Angular, React, and Bootstrap, yielding an intuitive interface that enhanced user satisfaction by 25%. Innovatively developed features for precise hour tracking and reporting, leading to a 30% increase in operational efficiency.

SOFTWARE ENGINEER, CAPGEMINI

Pune, Maharashtra — 2019-2022

Technologies: HTML, CSS, JavaScript, TypeScript, Angular, React

Project Description:

- **Genie:** Designed Genie, an innovative search engine tailored for bankers, enabling secure and seamless database access. Orchestrated the integration of document and file management, consolidating resources for streamlined access. Incorporated robust permission management for secure file sharing within the platform, enhancing collaboration while maintaining data integrity.
- **RMS Admin:**
 - Managed and optimised teams across diverse regions, boosting sales by 15% through strategic resource allocation.
 - Implemented an automated reporting system, reducing administrative workload by 25%.
- **AIQUIC:**
 - Spearheaded the successful integration of AIQUIC, resulting in a 30% reduction in account analysis time.
 - Enhanced user satisfaction by achieving a 20% increase in accurate financial insights.
- **FNOL:**
 - Directed the FNOL integration for accident insurance, streamlining claims processing and reducing average claim settlement time by 40%.
 - Improved customer retention by resolving accident insurance claims with a 95% accuracy rate.

EDUCATION

GRADUATION: BBD University

2014-2018

Completed my graduation in Computer Science with aggregate of 81.84% marks.
